REMARKS Per discussion (ZA-Stoner) on 2 Oct, attached is draft memo to Dr LaBerge regarding the GF Steering Committee. Given the very sensitive issue of program management locus and whether that should be upgraded and switched to the R&D community, ZA may wish to take the memo to Dr LaBerge and discuss it face-to-face as a separate issue. By intimation the memo address line recognizes Dr LaBerge as the senior committee member. Hopefully, he will take the natural opportunity to pick up the reins. His inclination to do this may have been revealed in a comment his military assistant made just before departing Army: "Dr LaBerge is mulling over whether or not to 'take' the project with him."
